

To whom it may concern,

I am writing this letter to recommend Roger Andrews, Keith McMullen and their team over at Fireside Property Group. In 2015, we began looking for a new property management company for Chinook Gardens and Fireside came to us highly recommended.

Since the seamless transition over to Fireside, Roger Andrews (our property manager) has efficiently, responsibly and economically managed our 36 unit condo complex. At all times, Fireside Property Group's staff (and in particular Roger Andrews) have been knowledgeable, cooperative and very professional with the management services they provide to Chinook Gardens.

While working with Fireside, the quality of living has improved vastly at Chinook Gardens and we have undertaken projects to continue that improvement. With Fireside's guidance, we managed to lower our condo fees to our owners, while sustainably planning for the future of Chinook Gardens.

At Chinook Gardens, we have had numerous property management companies and property managers in the past. I can say without any hesitation that Roger Andrews and Fireside Property Group are hands down the best we have ever had.

Sincerely,

Jake Dyer  
President of the Chinook Gardens condo board
